

EXERCISE - PM Time

What is the approximate breakdown of time PM's *actually* spend in an average week?

- Customers/user interaction (non-sales context)
- Working solutions with team or stakeholders
- Sales enablement, deal support
- Escalation or implementation support
- Documenting (stories, requirements and specs)
- Recurring meetings (what are they generally?)
- General research (competitive, analyst, market)
- Reviewing/analyzing product data
- Other
